

intellectuals of his race to be easily wooed by radical individuals and movements but that Dr. FRAZIER remained quite aloof and detached from such influences. Dr. BLUMER stated that the employee's reputation among sociologists was that he would never be thought of as "radically inclined."

Dr. BLUMER stated that to his knowledge, Dr. FRAZIER has not been affiliated with individuals or organizations of doubtful principles or aims, has not espoused any disloyal or subversive beliefs and that such affiliation or action would not be in keeping with the employee's character or way of thinking.

According to Dr. BLUMER, he met Mrs. FRAZIER some years ago but his acquaintance with her and other members of the employee's family have been quite limited and he cannot comment upon them.

Dr. BLUMER advised that he would have no hesitation or qualification in recommending Dr. FRAZIER for a position of trust, responsibility or security and believes him eminently qualified for the position he presently holds with the United Nations.

Confidential Informants [redacted] of known reliability, and who are acquainted with the Southern Conference Educational Fund, Inc., and its parent organization, the Southern Conference for Human Welfare, have advised that the Southern Conference Educational Fund, Inc. was originally an adjunct of the Southern Conference for Human Welfare before the latter's demise in 1948. of endeavor.

The above informants have advised that the principal leaders of the Southern Conference for Human Welfare are the same as those who presently head the Southern Conference Educational Fund, Inc. [redacted] has served as Director of both the Southern Conference for Human Welfare and the Southern Conference Educational Fund, Inc. While the Communist Party was interested in infiltrating and controlling the Southern Conference for Human Welfare, it has given little indication of interest in the Southern Conference Educational Fund, Inc.

The Southern Conference for Human Welfare, the parent organization, has been cited by the House Committee on Un-American Activities as a Communist front. Confidential Informant [redacted] stated that the Southern Conference for Human Welfare during its active period was considered by the Communist Party as a transmission belt to reach the masses. However, not all of the national officers of the Southern Conference for Human Welfare were controlled by the Communist Party.

Confidential Informants [redacted] of known reliability, who were active in the Southern Conference for Human Welfare, advised that [redacted], the Director of the Southern Conference Educational Fund, Inc., worked closely in the past with Communist Party members and invariably followed their advice along Communist Party lines. [redacted] stated, however, that [redacted] liked to show some independence in regard to minor details. [redacted] advised that [redacted] argued that his decisions siding with the Communist Party clique were the result of independent thinking and that he himself was a Christian Socialist.

Confidential Informant [redacted], of known reliability, and a long-time member of the Communist Party, advised that he did not believe [redacted] to be a member of the Communist Party but knew him as being sympathetic with the Party over a period of years. [redacted] took orders from the Communist Party and was an officer in the Southern Conference for Human Welfare through the determined efforts of the Communist Party. However, [redacted] on one occasion requested a Communist Party member to resign from the old Southern Conference for Human Welfare when it became publicly known that this individual was a Communist since [redacted] feared that this disclosure might jeopardize the organization.

The Southern Patriot, which is published by the Southern Conference Educational Fund, Inc., in the January, 1949 issue on Page 4, Column 3, named Dr. E. FRANKLYN FRAZIER, Head of the Department of Sociology, Howard University, as a member of the Board of the SCEF. The Southern Patriot, March, 1950 edition, Page 1, Columns 1, 2 and 3, announced that "a Southwide Conference on discrimination in higher education will be held at Atlanta University on April 8, 1950." The news article stated that Dr. E. FRANKLIN FRAZIER, Head of the Department of Sociology at Howard University, and former President of the American Sociological Society, would be the keynote speaker. The article concluded that the SCEF was serving as coordinator for the conference.

The April, 1950 issue of the Southern Patriot on Page 2, Columns 2 and 3, contained excerpts from FRAZIER's keynote address on April 8, 1950, entitled "The Crisis in the Education of the Negro". In his address FRAZIER questioned whether university education could be based upon racial exclusiveness.

Confidential Informant [redacted] of known reliability, advised that a booklet entitled "Discrimination in Higher Education" was published by the SCEF, Inc., and that the SCEF was attempting to distribute and sell this publication. The booklet was a compendium of the various addresses made at the Atlanta Conference on April 8, 1950.

On Pages 11 through 22 of the booklet "Discrimination in Higher Education" is published the text of FRAZIER's keynote address under the title "The Crisis in Negro Education."

Confidential Informant [redacted] furnished a letterhead of the Southern Conference Educational Fund, Inc. dated June, 1951, which contained a list of the officers and members of the Board of Directors of the SCEF. E. FRANKLIN FRAZIER was named as a member of the Board of Directors.

The Southern Patriot, February, 1952 edition on Page 2, Column 2, lists Dr. E. FRANKLIN FRAZIER, Professor of Sociology, Howard University, Washington, D. C., as a member of the Board of Directors of the Southern Conference Educational Fund.

The keynote address made by FRAZIER on 4/8/50 at the conference coordinated by the SCEF at Atlanta University is not being set out in the body of this report inasmuch as it is not believed that it pertains to the loyalty of the employee. The article tends to show why the author does not believe that racial discrimination can be practiced in higher education. The fact that FRAZIER did make the keynote address is set out in the report inasmuch as the Southwide Conference was sponsored by the SCEF and FRAZIER was a member of the Board of Directors.

[redacted] of the Social Science Department, University of Puerto Rico, Rio Piedras, Puerto Rico, stated he did not know EDWARD FRANKLIN FRAZIER, but that since he has taken over the duties of [redacted], he has located correspondence in the files of his office reflecting that FRAZIER had been at the University about 1949 for the purpose of gathering information on population or racial relations in Puerto Rico. [redacted] said nothing of an unfavorable nature concerning FRAZIER had been brought to his attention.

[redacted] Department of Social Science, University of Puerto Rico, stated he had contact with EDWARD FRANKLIN FRAZIER during the approximately two or three weeks which FRAZIER spent at the University in 1949. He said that Mr. FRAZIER was gathering material on racial relations in the Caribbean. [redacted] said FRAZIER also visited other islands in the Caribbean about the same time, during which time FRAZIER was on sabbatical leave from Howard University, Washington, D.C., and it was the belief of [redacted] that FRAZIER was collecting his data with the assistance of a money grant from some social science foundation.

Mr. BYWATERS stated that based upon his observation of Dr. FRAZIER he considered him a loyal American citizen of good character and reputation, and he would recommend him for a position of trust in the Government service.

Mrs. V. J. Dean W. W. E. BLANCHET, Fort Valley State College, Fort Valley, Georgia, advised that he has known Dr. FRAZIER since 1932. He stated that his association with Dr. FRAZIER was limited to meetings at school functions and professional meetings in connection with education. Dean BLANCHET stated that Dr. FRAZIER was an extremely brilliant sociologist whom he considered to be a person of good character, reputation, associates and loyalty. [redacted] stated that his contacts with Dr. FRAZIER have been of a professional nature, but based on these contacts he considers Dr. FRAZIER to be a loyal American citizen.

[redacted] Deputy Clerk, Peach County, Georgia, and Mr. GRADY COCHRAN, Chief of Police, Fort Valley, Georgia, advised that there was no reference made in their files to EDWARD FRANKLIN FRAZIER.

There is no Credit Bureau located in Fort Valley, Georgia or Peach County, Georgia.

Dean BRAILSFORD R. BRAZEAL, Morehouse College, Atlanta, Georgia, advised that he had been well acquainted with Dr. EDWARD FRANKLIN FRAZIER for over twenty years. Dean BRAZEAL advised that Dr. FRAZIER was an eminent scholar, and outstanding sociologist. He pointed out that Dr. FRAZIER was at one time president of the American Sociological Society, with headquarters in New York City. Dr. BRAZEAL stated that he could not be specific with respect to other organizations to which Dr. FRAZIER belonged.

Dr. BRAZEAL stated that based on his personal observation of Dr. FRAZIER as well as his own reading of articles written by Dr. FRAZIER that he is convinced that Dr. FRAZIER is a strong believer in democratic principles. Dean BRAZEAL stated that based upon his observation of Dr. FRAZIER that he would consider him a very loyal American citizen of excellent character, reputation and associates.

Dr. N. P. TILLMAN, Morehouse College, Atlanta, Georgia, advised that although he has not been in personal contact with Dr. FRAZIER for about two or three years that he has known Dr. FRAZIER for about thirty years.

Dr. TILLMAN recalled that Dr. FRAZIER was formerly Director of the Atlanta School of Social Work from 1922 to 1927, and a professor at Morehouse College from about 1922 to 1924. Dr. TILLMAN stated that Dr. JOHN HOPE, now deceased, had requested Dr. FRAZIER's resignation as Director of Atlanta School of Social Work solely because he felt that Dr. FRAZIER, at that time, was not sufficiently qualified as an administrator and because Dr. FRAZIER appeared to be more interested in outside activities than he was in his duties as an administrator.

Dr. TILLMAN stated that he has followed the activities of Dr. FRAZIER as a sociologist and has read a number of works written by Dr. FRAZIER. Based upon his observations of Dr. FRAZIER in this respect, he felt that Dr. FRAZIER was anti-Communist and a strong believer in the fundamental principles of democracy.

Dr. TILLMAN stated that at no time during the thirty years that he has known Dr. FRAZIER has he known Dr. FRAZIER to become affiliated with any subversive organization or group and he has never heard Dr. FRAZIER advocate or favor communism. Dr. TILLMAN stated that based upon his observation of Dr. FRAZIER he would recommend Dr. FRAZIER as a loyal American citizen of good character, reputation and associates.

Dr. FOREST BLANCHARD WASHINGTON, Director, Atlanta University School of Social Work, Atlanta, Georgia, advised that this school is a successor to the Atlanta School of Social Work. Dr. WASHINGTON advised that he had succeeded Dr. FRAZIER as Director of the Atlanta School of Social Work in 1927. Dr. WASHINGTON stated that he had known Dr. FRAZIER as a very eminent sociologist and scholar who had at one time been President of the American Sociological Society. Dr. WASHINGTON stated that he had not been in close personal contact with Dr. FRAZIER for a number of years, but that he had often heard Dr. FRAZIER lecture and had read a good many articles written by Dr. FRAZIER.

Dr. WASHINGTON stated that based upon his personal observation of Dr. FRAZIER as well as his knowledge of Dr. FRAZIER's speeches and writings that he considered Dr. FRAZIER to be a loyal American citizen of good character, reputation and associates.

b6
b7C
[redacted], Professor of Political Science, Morehouse College, advised that he was not personally well acquainted with Dr. FRAZIER, but was acquainted with Dr. FRAZIER from a professional standpoint and had often heard him lecture and had read numerous articles written by Dr. FRAZIER. [redacted] stated that based upon his observation of Dr. FRAZIER over the past ten years he considered him to be a person of good character, reputation, loyalty and associates.

Dr. WALTER CHIVERS, Morehouse College, Atlanta, Georgia, advised that he has known Dr. FRAZIER for twenty-five years. However, he stated that he has not been closely associated with Dr. FRAZIER since about 1934. Dr. CHIVERS said that he recalled that Dr. FRAZIER was Director of the Atlanta School of Social Work from about 1922 to 1927, and was familiar with the circumstances under which Dr. FRAZIER had left the Atlanta School of Social Work.

Dr. CHIVERS stated that as he recalled, Dr. JOHN HOPE, former President of the Atlanta School of Social Work, now deceased, objected to the fact that Dr. FRAZIER was apparently more interested in outside activities such as speeches and writing than he was in the administrative duties attached to the work of Director of the School. Dr. CHIVERS stated that as a result Dr. FRAZIER had submitted his resignation to Dr. HOPE. Dr. CHIVERS stated that he considered Dr. FRAZIER to be a loyal American citizen of good character, reputation and associates.

Mr. L. D. MILTON, President, Citizens Trust Company, 212 Auburn Avenue, Atlanta, Georgia, advised that he had known Dr. EDWARD FRANKLIN FRAZIER since about 1920, although he has had very little personal contact with Dr. FRAZIER for over ten years. Mr. MILTON stated that he knew Dr. FRAZIER as a fellow faculty member at Morehouse College from about 1922 to 1924 and as Director of the Atlanta School of Social Work from about 1922 to 1927. Mr. MILTON said that he was familiar with the circumstances under which Dr. FRAZIER had resigned as Director of the Atlanta School of Social Work around 1927. Mr. MILTON said that Dr. JOHN HOPE, now deceased, who was President of the Atlanta School of Social Work in 1927, objected to the fact that Dr. FRAZIER had shown a lack of sufficient

administrative ability and was apparently being distracted from his duties as Director by outside interests such as speeches and writings. As a result Dr. HOPE accepted Dr. FRAZIER's resignation. Mr. MILTON said that Dr. FRAZIER was an outstanding sociologist.

Mr. MILTON stated that he was not familiar with specific organizations to which Dr. FRAZIER had belonged other than the American Sociological Society, of which Dr. FRAZIER was one time president.

Mr. MILTON advised, although he has known Dr. FRAZIER for over thirty years that his contact with Dr. FRAZIER during the past ten or more years has been infrequent. However, he stated that based on his association with Dr. FRAZIER and his reading of articles written by Dr. FRAZIER that he believes that Dr. FRAZIER is a loyal American citizen who does not actually sympathize with any ideology inimicable to the best interest of the United States. Mr. MILTON pointed out, however, that he considers Dr. FRAZIER to be an individual who fancies himself as an ardent student of political science who has on several occasions become very loquacious and argumentative concerning various political theories. Mr. MILTON was unable to furnish any specific information as to the exact arguments or theories put forth by Dr. FRAZIER. Mr. MILTON explained that due to the lapse of time since he has had personal contact with Dr. FRAZIER he could not recollect with accuracy such arguments.

Mr. MILTON stated that he does not recall any statements of un-American character made by Dr. FRAZIER. Mr. MILTON pointed out that although he considered Dr. FRAZIER entirely loyal, he would not recommend Dr. FRAZIER for a position of trust and confidence because Dr. FRAZIER in the past has indicated that he, Dr. FRAZIER, is entirely too argumentative and at times antagonistic with respect to his statements relative to political theories.

Mr. MILTON stated that he feels that Dr. FRAZIER, possessed with this personality and disposition, might easily be misunderstood and even suspected of possessing un-American sympathies due to his ill-advised remarks concerning political theories.

Mr. MILTON advised that he considered that his conclusions in this regard were non-specific personal conclusions and observations based upon his thirty years acquaintanceship with Dr. FRAZIER and that he therefore did not care to furnish a signed statement or testify before a loyalty hearing board.

Every effort was made to obtain more definite facts and information from Mr. MILTON regarding Mr. MILTON's basis for stating that he did not feel Dr. FRAZIER was qualified for a position of trust with the U. S. Government but these efforts were unsuccessful.

[redacted], who has furnished both reliable and unreliable information concerning Communist Party activities in Georgia, advised that around November 11, 1941, [redacted], a self-admitted Communist organizer in Atlanta, Georgia, at that time, had given to the informant a mimeographed form reading as follows:

"The following outstanding Negro leaders wrote President FRANKLIN DELANO ROOSEVELT about two years ago asking him to 'take executive action for the immediate release of EARL BROWDER' and restore him to his family, a free American citizen." They mentioned that their concern was for the greatest possible National unity of all anti-Fascist forces, and not for his philosophy or politics. (The organizations, schools, functions, etc. are noted here for identification purposes only.) Among the names included on the form was the name of "Professor E. FRANKLIN FRAZIER, Howard University, Washington, D. C."

EARL BROWDER is the former Communist Party Candidate for President in the National Elections. He was convicted of perjury in connection with a passport application at the time noted above.

[redacted] considered reliable, advised that the Southern Conference Educational Fund, Incorporated, met on June 27, 1949, at Morehouse College, Atlanta, Georgia. Informant stated that at the meeting the Board of Directors prepared and issued a press release which decried the segregation of races in southern schools. Among the members of the Board of Directors of this organization was listed the name "E. FRANKLYN FRAZIER."

According to the Atlanta Journal, Atlanta, Georgia, dated April 9, 1950, a "South Wide Conference on Discrimination in Higher Education" was held at Atlanta University on April 8, 1950. According to the writeup this meeting was sponsored by representatives of 116 colleges and universities and by approximately 250 persons of the Negro and white races. The conference was "sponsored by the Southern Conference Education Fund, Incorporated, of New Orleans." The conference passed a resolution condemning segregation in education.

[redacted] considered reliable, advised that, after the House Committee on Un-American Activities labeled the Southern Conference for Human Welfare as a Communist front organization in 1927, a meeting of the administrative committee of the Southern Conference for Human Welfare was held on June 21, 1947, at Washington, D. C. At this meeting [redacted] former Administrative Director of Southern Conference for Human Welfare, resigned that post and accepted the Directorship of the Southern Conference Educational Fund, Incorporated.

The Southern Conference for Human Welfare has been cited by the Attorney General of the United States as an organization coming within the purview of Executive Order 10422.

Other Atlanta Informants, familiar with certain phases of Communist Party activities in Georgia, advised that they were not acquainted with EDWARD FRANKLIN FRAZIER.

A check was made of the Atlanta Police Department records, Atlanta, Georgia, and the records of the Atlanta Credit Bureau, Atlanta, Georgia, but no reference to EDWARD FRANKLIN FRAZIER was located.

III RESULTS OF INVESTIGATION

EMPLOYMENT

Dr. CHARLES S. JOHNSON, President, Fisk University, Nashville, Tennessee, advised that he has a personal recollection of EDWARD FRANKLIN FRAZIER having been a lecturer at Fisk University. Dr. JOHNSON stated that the personnel records during the period of time which he was at Fisk University were rather sketchy and have not been maintained. He is unable to locate any employment record indicating that FRAZIER was at Fisk. Dr. JOHNSON recalled that he came to Fisk University in approximately 1928 and stated that to the best of his recollection, he brought FRAZIER to Fisk University within one or two years after his arrival. He stated that FRAZIER was a lecturer in the Department of Sociology and remained at Fisk University for a period of approximately four years. Dr. JOHNSON stated that he considers FRAZIER to be one of the outstanding sociologists in the U. S. or in the world and stated that he had always found him to be a man of excellent character and reputation and a person whose associates were above reproach. Dr. JOHNSON stated that he considered FRAZIER to be entirely loyal to the U. S. Dr. JOHNSON pointed out that occasionally FRAZIER, who was very outspoken and who was a rather

active individual, got himself into predicaments which were embarrassing. He pointed out that he recalled within the past several years, Dr. FRAZIER had agreed to be the toastmaster or chairman at a dinner given in honor of a Dr. W. E. D. DuBOIS, but subsequent to his agreement to act as such, Dr. DuBOIS became involved in a litigation concerning a contempt of congress proceedings, and quite a bit of unfavorable publicity resulted with regard to DuBOIS. Dr. JOHNSON stated that after giving the matter due consideration, FRAZIER decided that he would go ahead and act as toastmaster inasmuch as he had known DuBOIS for years and that he felt that he should go ahead regardless of the publicity. Dr. JOHNSON stated that he pointed this out to indicate the type of person that FRAZIER is. He stated that he has no personal knowledge of FRAZIER's membership in any organization which could be considered subversive and that, in his opinion, FRAZIER is entirely loyal to the U. S. and is opposed to Communism.

The "Daily Worker," an east coast daily Communist publication, page seven, issue of October 26, 1943, contains an item concerning the first classes held at the George Washington Carver School in New York City. This article notes that Dr. CHARLES S. JOHNSON, Fiske University, was, with Dr. E. FRANKLIN FRAZIER, one of the lecturers on Race Relations.

The George Washington Carver School has been declared within the purview of Executive Order 10450 by the Attorney General.

MISCELLANEOUS

Dr. GEORGE N. REDD, professor and dean at Fisk University, Nashville, Tennessee, advised that he is personally acquainted with EDWARD FRANKLIN FRAZIER but stated that he never knew him at Fisk University. Dr. REDD stated that he and FRAZIER are both from Baltimore, Maryland, and that he has known FRAZIER for practically his entire life. He pointed out that he was one of FRAZIER's first students when FRAZIER started teaching in a high school in Baltimore, Maryland. He stated that he has known and has been closely associated with FRAZIER since that time and that he has an extremely high regard and a personal fondness for FRAZIER. Dr. REDD stated that in his opinion, FRAZIER is of excellent character, has a very good reputation, and his circle of associates are above reproach. He stated that he considers FRAZIER to be entirely loyal to the U. S. Dr. REDD stated that he knows of no organizations of which FRAZIER has been a member which are subversive. He stated that to the contrary, it has always been his understanding that FRAZIER's ideals are the opposite of any Communistic ideals and that he has always associated himself with those persons who are opposed to Communism. He pointed out that FRAZIER has married into an old and extremely well thought of family in Baltimore and that he has in-laws throughout the entire eastern part of the U. S. He stated that one of these in-laws is a Judge DeLANEY whose first name is unknown to REDD but

who was described by him as being a judge in New York City. He stated that DeLANEY and all of the other members of Mrs. FRAZIER's family are known to be extremely conservative and have always been known to be anti-Communist. He stated that to his knowledge, FRAZIER has always associated himself with this group.

The previously mentioned issue of the "Daily Worker" of October 26, 1943, refers to "an original contribution of \$1,500 from PAUL ROBESON and Judge HUBERT DELANEY (both are on the Board of Directors). . ."

[redacted], Department of Sociology, Fisk University, Nashville, Tennessee, advised that she has known FRAZIER since approximately 1942. She stated that she was in Washington, D. C., between 1942 and 1945 and at that time was very closely associated with FRAZIER inasmuch as both are sociologists. She pointed out that she has done quite a bit of work with him and was active in revising a book which FRAZIER wrote and she also collaborated with him to a certain extent on the book. She stated that she believes him to be of excellent character and that he has a good reputation and an enviable one as a sociologist. She stated that to her knowledge, all of his friends are entirely loyal to the U. S. and are completely above reproach, most of them being professors and persons in the intellectual field. [redacted] stated that probably many people would be irritated by FRAZIER inasmuch as he is completely frank and outspoken in his attitude and completely honest in all opinions which he offers. She pointed this out in trying to show some aspects of his character. She stated that he had the reputation of being very frank in giving his opinion of work and that he was regarded by other sociologists as being a man to whom they could go to get a frank opinion of any paper which they were preparing. She stated that she believed that he was entirely loyal to the U. S. and that he was anti-Communist. She stated that she believes that he would be anti-Communist because he would see through the Communist scheme of baiting the people into their organization, and that she felt that he would see through the Communist approach. When questioned concerning some of the activities in which FRAZIER was reportedly involved, according to articles appearing in the "Daily Worker", an east coast Communist newspaper, [redacted] stated that she had no personal knowledge of his being involved in any such activities. She stated that if FRAZIER had ever gone on record as being in defense of the Communist Party, he would do so not because he had an interest in Communism but that he would take a position of defending the right to have a Communist Party in order to preserve the American democratic ideals of having free speech. [redacted] stated that in her opinion, he is extremely loyal to the U. S. and very much in favor of the system of government which is in effect in the U. S. today. She stated that he feels in her opinion as she does, in that she feels that this is one country where there is freedom of speech and the right to think and act as one desires. She stated that if he had ever become involved in any activities such as demanding protection for the Communist Party, it would be to defend these rights for all people and not for any specific defense of the Communist Party. She stated that she, in her opinion, thinks that he is very definitely anti-Communist and that she would have no doubt whatsoever of his feelings along these lines.
