### SOUTHERN CONFERENCE EDUCATIONAL FUND, INC.

"The Southern Patriot," a monthly publication, shows that it is published by the SOUTHERN CONFERENCE EDUCATIONAL FUND, INC. (SCEF).

"The Southern Patriot" was cited as an "organ" of the SOUTHERN CONFERENCE FOR HUMAN WELFARE (SCHW) by the Committee on Un-American Activities, House Report 592, on the SCHW, June 12, 1947.

The SCHW was cited as a communist front by the Committee on Un-American Activities, House Report 592, June 16, 1947.

An amendment to the charter of the SCHW changed the name of that organization to the SCEF, and listed its purpose as being to improve the educational and cultural standards of the Southern people in accordance with the highest American democratic institutions, traditions, and ideals. The amendment was dated April 26, 1946.

A source, who is familiar with some phases of Communist Party (CP) activity in the New Orleans area, advised on May 18, 1960, that during the time the SCHW was in existence, CP members were members of and worked actively in the SCHW. However, since the formation of the SCEF, rank and file CP members have not been encouraged to work in the SCEF. The source stated that the SCEF is a progressive, liberal organization, which he considers a CP front organization because it has gone along with the CP on certain issues, particularly on the racial question, and through the years, certain CP members in the New Orleans area have been assigned to work in the organization to further CP principles.

On May 18, 1960, the source advised that in the past, he has considered JAMES DOMBROWSKI, the Executive Director of the SCEF, to be a communist, if not an actual CP member, because he followed communist principles.

The source also advised on May 18, 1960, that many people who are officials and members of the SCEF, while liberal in their views, are by no means communists.

The CP-USA was designated by the Attorney General pursuant to Executive Order 10450.

The pressure of events forced us to defer a ~~an~~ expression of gratitude for an honor that is deeply appreciated. The Lincoln University School of Journalism has named the Southern Patriot as recipient of one of its annual awards for "Significant Contributions to Better Human Relations."

The Patriot, said the judging committee, "has been a monthly fearless spokesman for the rights of minorities in a territory where such voices are comparatively silent."

Other publications receiving like citations include Time magazine and the Chicago Daily News. John H. Johnson, publisher of Ebony, and John H. Sengstacke, publisher of the Chicago Defender, are also to be honored for "Outstanding Performance in Journalism" at ceremonies to be held in Jefferson City, Mo., on April 22.

We are moved by this tribute and this distinguished company to apologize for the Patriot's shortcomings. The hopeful side of the South is our editorial province, but—thank God—so much good is happening that all our best efforts and those of our beloved correspondents cannot report but a portion of it.

To our subscribers belongs the credit for any contribution that has been made to human relations. Without the feeling of confidence their militance imparted, the editorial pen would often have faltered.

## Negro Leaders Send Protest to Jenner

Thirty-three Negro leaders from 15 southern states and the District of Columbia last week submitted an open letter to Senator William E. Jenner condemning his attack on the Southern Conference Educational Fund as "an attack upon the Negro community of this nation".

The signers of the letter include men and women prominent in the fields of Negro education, medicine, business, and religious leaders.

Their open letter to Senator Jenner follows:

Dear Sir:

In the opinion of the undersigned, the action of your subcommittee against the Southern Conference Educational Fund, Inc. is an attack upon the Negro community of this nation.

This organization has spearheaded the fight against segregation in the south. When your statements and those of your fellow committee members smear the Fund's leadership, you are also disparaging the hopes and ambitions of the Negro people.

It is ridiculous to impute disloyalty of the Southern Conference Educational Fund. Its board of directors, composed equally of whites and Negroes, includes many distinguished civic leaders in southern states. Its sole concern throughout the years has been with the evil effects of racial segregation in education, hospital services, transportation, and other public facilities. Its goal of harmoniously ending all racial barriers is our goal. . . .

A N O P E N L E T T E R  
TO THE U. S. HOUSE OF REPRESENTATIVES

We are informed that the Committee on Un-American Activities of the House of Representatives is planning to hold hearings in Atlanta, Georgia, at an early date.

As Negroes residing in Southern states and the District of Columbia, all deeply involved in the struggle to secure full and equal rights for our people, we are very much concerned by this development.

We are acutely aware of the fact that there is at the present time a shocking amount of un-American activity in our Southern states. To cite only a few examples, there are the bombings of the homes, schools, and houses of worship of not only Negroes but also of our Jewish citizens; the terror against Negroes in Dawson, Ga.; the continued refusal of boards of registrars in many Southern communities to allow Negroes to register and vote; and the activities of White Citizens Councils encouraging open defiance of the United States Supreme Court.

However, there is nothing in the record of the House Committee on Un-American Activities to indicate that, if it comes South, it will investigate these things. On the contrary, all of its activities in recent years suggest that it is much more interested in harassing and labeling as "subversive" any citizen who is inclined to be liberal or an independent thinker.

For this reason, we are alarmed at the prospect of this committee coming South to follow the lead of Senator Eastland, as well as several state investigating committees, in trying to attach the "subversive" label to any liberal white Southerner who dares to raise his voice in support of our democratic ideals.

It was recently pointed out by four Negro leaders who met with President Eisenhower that one of our great needs in the South is to build lines of communication between Negro and white Southerners. Many people in the South are seeking to do this. But if white people who support integration are labeled "subversive" by congressional committees, terror is spread among out white citizens and it becomes increasingly difficult to find white people who are willing to support our efforts for full citizenship. Southerners, white and Negro, who strive today for full democracy must work at best against tremendous odds. They need the support of every agency of our Federal Government. It is unthinkable that they should instead be harassed by committees of the United States Congress.

We therefore urge you to use your influence to see that the House Committee on Un-American Activities stays out of the South - unless it can be persuaded to come to our region to help defend us against those subversives who oppose our Supreme Court, our Federal policy of civil rights for all, and our American ideals of equality and brotherhood.

As Negroes residing in Southern states and the District of Columbia, all deeply involved in the struggle to secure full and equal rights for our people, we are very much concerned by this development.

We are acutely aware of the fact that there is at the present time a shocking amount of un-American activity in our Southern states. To cite only a few examples, there are the bombings of the homes, schools, and houses of worship of not only Negroes but also of our Jewish citizens; the terror against Negroes in Dawson, Ga.; the continued refusal of boards of registrars in many Southern communities to allow Negroes to register and vote; and the activities of White Citizens Councils encouraging open defiance of the United States Supreme Court.

However, there is nothing in the record of the House Committee on Un-American Activities to indicate that, if it comes South, it will investigate these things. On the contrary, all of its activities in recent years suggest that it is much more interested in harassing and labeling as "subversive" any citizen who is inclined to be liberal or an independent thinker.

For this reason, we are alarmed at the prospect of this committee coming South to follow the lead of Senator Eastland, as well as several state investigating committees, in trying to attach the "subversive" label to any liberal white Southerner who dares to raise his voice in support of our democratic ideals.

It was recently pointed out by four Negro leaders who met with President Eisenhower that one of our great needs in the South is to build lines of communication between Negro and white Southerners. Many people in the South are seeking to do this. But if white people who support integration are labeled "subversive" by congressional committees, terror is spread among out white citizens and it becomes increasingly difficult to find white people who are willing to support our efforts for full citizenship. Southerners, white and Negro, who strive today for full democracy must work at best against tremendous odds. They need the support of every agency of our Federal Government. It is unthinkable that they should instead be harassed by committees of the United States Congress.

We therefore urge you to use your influence to see that the House Committee on Un-American Activities stays out of the South - unless it can be persuaded to come to our region to help defend us against those subversives who oppose our Supreme Court, our Federal policy of civil rights for all, and our American ideals of equality and brotherhood.

On February 27 the U.S. Supreme Court voted 5 to 4 to uphold the one-year prison terms given Carl Braden and Frank Wilkinson for contempt of the Un-American Committee.

The Court's refusal to validate the First Amendment rights of free speech and association, as Justice Black indicated in his dissent, is a serious setback to the integrationist movement. Now we can expect more Southern legislatures to resort to committees patterned on the HUAC, e.g. Un-Florida and Un-Louisiana Committees, to harass and frighten integrationists, under the guise of hunting subversives.

I am convinced that Monday's decision will be overturned and the minority opinion will become the majority because free speech and association, and the right to advocate integration without intimidation are deeply ingrained in the very nature of our democracy and without it freedom cannot survive.

Not all of us who oppose segregation will be called upon to go to jail like SCEF's Mr. Braden, but all of us can show our gratitude for his courage by sending a contribution to SCEF. We need funds for the expense of carrying his case to the Supreme Court and for the many projects which we have planned for 1961.

This is the anniversary month of your last contribution to the Fund. \$ 2.00 in March of 1960. We hope you will want to renew and, if you can, increase your gift now.

Sincerely,
